

# Catalina 22

# The CATALINA 22

*The Catalina 22 represents the finest in trailerable family cruisers. The 22's practical rugged construction and durable quality finish insure years of sailing fun with a minimum of maintenance.*

*An active Catalina 22 National Class association has helped to make the 22 one of the most popular one design cruising-racing classes sailing today. Local fleet activities encourage everyone to participate, and discover the pleasure of owning and sailing a Catalina 22.*

*The self bailing cockpit is comfortable and secure with angled coamings and molded in non skid surfaces. There are two seat hatches, with a deep sail locker and molded in fuel tank platform. All exterior trim is teak.*

*The available galley (shown below) provides complete facilities for meal preparation aboard. The molded fiberglass galley incorporates an insulated icebox, stainless sink with a fresh water system, stove, and a storage drawer in one neat unit. The galley slides aft under the cockpit when not in use.*

The interior offers comfortable sleeping accommodations for a family of four or five. A fiberglass pop top lifts to provide standing headroom in the main cabin area. With the available pop top enclosure curtain the cabin is roomy and comfortable in all weather. There are storage compartments under all berths and seats. The Vee berth and head area forward can be enclosed with the available folding privacy curtain. The overhead and hull liner are a handsome, textured, molded fiberglass for easy maintenance and durability. All interior trim is teak.

The Vee berth accommodates 2 adults comfortably. The opening forward hatch on the foredeck provides plenty of light and air in the vee berth area. Space is provided for a head under the port berth.

*Easy Ramp launching and Retrieval add to the versatile practical character of the Catalina 22.*
