

***Why sailing IS still more FUN***

***in a Catalina 22***

*“When the Catalina 22 was introduced, we hoped to build about 500. As we know, the Catalina 22 has been a tremendous success story. I never dreamed we would build over 10,000. Because of the growth and constant interest in the Catalina 22, I think we can look forward to building another 5,000 or more in the future.”*
